DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 6, 9-11 and 18-19 are rejected under 35 U.S.C. 102(e) as being anticipated by Bontrager et al. 6,483,048 or Sexton 6,492,595.
3. Bontrager et al. discloses applicants' invention in column 4, lines 7-21. Since the reference does not refer to crosslinked polyurethane, the polyurethane mentioned is thermoplastic. Sexton teaches a flat conductor surrounded by an insulating layer. See Abstract. The insulating layer can be a urethane film (column 4, line 64). The method of preparation of the article is not germane to the invention, unless it is shown that said method affects the properties of said article. Applicants' claims are not novel.

Claim Rejections - 35 USC § 103

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 6, 7, 9-11 and 18-28 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bontrager et al. 6,483,048 or Sexton 6,492,595, in view of Shukushima 5,650,205, further in view of Nishiguchi et al. 6,242,097.
6. All references have been discussed already. It would have been obvious to one having ordinary skill in the art; at the time the invention was made, to use the composition of the secondary and tertiary references for the films of the primary references, since they are uniquely suited for electrical insulation.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Peter Szekely whose telephone number is (571) 272-1124. The examiner can normally be reached on 7:00 a.m.-5:30 p.m. Tuesday-Friday.
